LATER. Los Angeles, January 5th.—The first tangible clue in regard to the disappearance of M. L. Dyer was discovered to-day by W. B. Bell, Jr., a brother-in-law of the issing man. Bell went to San Pedro this morning in the hope of hearing something. He there learned that a man answering the description of Dyer wrote a telephone message to send to No. 18 Athena street, in this city, on the night of the 1st. Bell went to the telephone station and found the following in Dyer's handwriting: "W. B. Bell, No. 18 Athera street, Los Angeles. M. L. Dyer is at San Pedro and

It was learned at San Pedro that a man was with Dyer who was well dressed, short, stout, with a scrubby, sandy beard, and it is thought the two went north on the steamer Los Angeles.

Robert Burns once spoke to a beggar clothed in rags, and a friend observed: "Why did you notice that man?" Said spoke to the man.

To do more than others must be our rule. There is danger in doing less.

The religion of Christ demands spiritual development. To stand still is to die. If you are not better than you were last year, you are worse. Graces and faculties that are not exercised are taken away.

On examining the crustacea taken from the waters of the Mammoth Cave in Kentucky, you find the organs of vision. The

eye looks perfect, but it is a mockery; the optic nerve is shrunken; the eye is there, but no vision. Choosing to dwell in dark-ness, nature has removed that which would be useless to them. So it is in the spiritual world. If the spiritual faculties are not exercised decay and deprivation is the result. Nothing is given in vain. To

In my judgment their views are wrong. The church is the training-ground for heaven—a place where rough diamonds being the formal introduction of Mayor are polished to glitter forever in the dia- Gregory and his subsequent installation to

"Let your love be perfect, embracing enemies as well as friends, as the love of God is manifested to the evil as well as to the good.'

When the individual rises to the sublingity of this great lesson, life will truly be transfigured for him. When the church is of coursing matches ran away from its transingured for him. When the church is filled with the love of Christ—that love that constrained Him to tabernacle amongst men, to welcome sinners to his fold—yea, to die for an unbelieving world, then shall she walk forth clear as the sun, that between 9 and 10 o'clock in the forefair as the moon and terrible as an army with banners.

God hasten the day when Christians shall not be satisfied with what has been done, but awake to the realization of the \$100 for the speedy young canine, and if work yet to be done.

John A. Sweeny Cuts His Throat While Mentally Deranged-Sad Result of an Old Accident.

John A. Sweeney, residing at 926 C street, committed suicide last evening, by cutting his throat with a razor. What is Scrofula

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors."

It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it. How can it be cured? By taking Hood's Sarsa parilla, which, by the cures it has accomp often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you be sure to give Hood's Sarsaparilla a trial.
